

HARE KRISHNA MELBOURNE *FOLK NEWS*

INFORMATION FOR ADVERTISERS 2023-24

WHAT WE DO

FOLK news is designed to promote Krishna-conscious philosophy and lifestyle, in accordance with the teachings of our Founder-Acharya - His Divine Grace A. C. Bhaktivedanta Swami Prabhupada - and the directions of ISKCON's Governing Board Commission.

We provide a forum where Krishna-consciousness can be shared, and businesses run by devotees can be supported. Paid advertising may be accepted – at the Editor's discretion - from applicants who are generally recognised as regular contributors to our community. Our content focusses on:

- explaining the significance of Temple festivals to our readers and encouraging their participation in these events.
- providing news and updates of local projects and events of interest to our devotional community.

We welcome Krishna conscious articles, photo-essays and games from local devotees of all ages.

NEED TO KNOW

FOLK news is published 3 times a year by the Friends of Lord Krishna (FOLK) committee, to coincide with **Melbourne Temple festival seasons**.

- Advertising, graphic design and editing are managed by Rasanandini Dasi (rasanandini@iskcon.net.au).
- Invoicing is managed by Prishni Dasi (prishni@iskcon.net.au)

Our current circulation is 6,500 congregational households

GUIDELINES FOR SENDING ARTWORK

We compose FOLK news using *InDesign* software. This allows us to adjust all the components of a page spread separately to create a clean, easy-to-read layout. We accept your own graphics as long as they are of sufficient quality to print to the existing standard of our magazine. If you do not have ready-to-print artwork we will assist you in completing graphics for your ad. Please submit your artwork or your ideas at least 3-4 weeks before our advertising deadlines (below).

Image files should be

- **300dpi** and scaled to the actual size of your ad: 197mm wide x 61mm high (¼ page), or x 132mm high (½ page), or x 265mm high (1 page)
- Generally a file of **at least 2Mb** is sufficient.
- Print processing for colour artwork is **CMYK**

- We prefer to work with **TIFF, PDF & JPEG** images
