SIMPLE STEPS TO INITIATION IN ISKCON MELBOURNE

Your steps to initiation are laid out in the order they are to be completed.

Our administration team follows the same steps when we process your application.

We'll assist your individual application within the framework of

1. ISKCON's Governing Body Commission (GBC) directives (ISKCON Law)
2. Melbourne-yatra requirements.
3. Your spiritual master's requirements.

No application will be considered until you complete all current requirements of ISKCON GBC, ISKCON Melbourne, and your spiritual master. You must be able to provide written evidence of all exam/course passes. Regardless of when you began your application - all current requirements apply to you at the time you attend your interview. You must complete lower-level requirements that you have missed.

You'll personally drive your application throughout. So, responsibility for complying with these requirements rests with you. Ensure that you read this Compendium for the relevant ISKCON laws, and more details on your level of application.

INTRODUCTION

This document is intended to make the procedure for receiving *śikṣā* (instruction) and *dikṣā* (initiation) in ISKCON (Melbourne Yatra) clear and – as each step is completed - achievable. Please remember that the process of developing a service relationship with an ISKCON guru is a natural one that stands the test of time.

EXCERPTS FROM ISKCON LAW ON DISCIPLESHIP IN ISKCON

ISKCON Lawbook (1997) is available at <https://archive.org/details/IskconLawBook>

7.2.1. First (Harinama) Initiation

7.2.1.1. Qualifications for First Initiation

7.2.1.1.1. One-year preparatory period

In order to receive first initiation, one must have been engaged favourably in devotional service, strictly following the four regulative principles and chanting sixteen rounds a day, for at least one year without interruption.

7.2.1.1.2. First Six-month Period

During the first six months of following the four regulative principles and chanting sixteen rounds daily, a new devotee who is aspiring for initiation should not commit himself to a particular initiating *guru*. Rather, he should chant Srila Prabhupada's *praṇāma-mantra* and worship him as Founder-Ācārya of ISKCON and as his *śikṣā guru*.

7.2.1.1.3. Second Six-month Period

After successfully completing the first six-month preparatory period, and after passing the required examination, the candidate may choose his future *dikṣā guru*. Receiving permission from that *guru*, and notifying the local temple president, the candidate should take shelter and begin to worship that *guru* as his own spiritual master and chant his *praṇāma-mantra*. Actual initiation may take place only after a minimum six-month period from the date shelter was taken and the local temple president notified.

7.2.1.1.4. Devotees Residing Within Temple Communities

In addition to satisfying the above requirements, devotees residing in temple communities must, during the one-year preparatory period, regularly attend the full morning program.

7.2.3.1.1.5. Devotees Residing Outside of Temple Communities

Devotees who do not live in a temple community and who cannot come daily to the temple programs may be initiated provided they have regular morning programs at home or attend regular morning programs at the *nāma-haṭṭa* centre.

7.2.1.1.6. Pass Examination

Before a devotee can be permitted to formally take shelter of a particular ISKCON spiritual master and be subsequently recommended for initiation, he or she must demonstrate a basic understanding of Srila Prabhupada's teachings by answering an oral or written test administered by the Temple President or other recommending authority. The questions to be answered are:

1. What are the qualifications of a bona fide spiritual master?
2. Why are you convinced to follow the orders of the spiritual master in this life, and even life after life?
3. Why does one worship the spiritual master like God?
4. Do you believe the spiritual master speaks the Absolute Truth? If so, why?
5. Under what circumstances should the spiritual master be rejected?
6. What are the qualifications and responsibilities of a disciple?
7. What is the unique position of Srila Prabhupada in ISKCON?
8. Why do you accept Lord Krishna as the Supreme Personality of Godhead?
9. Why do we follow the four regulative principles?
10. Why do we chant Hare Krishna?
11. What is the position of the GBC Body?
12. Explain the difference between the body and the self.
13. What is ISKCON, and why should one remain in ISKCON?

7.2.2. Second, or Brahminical, Initiation

7.2.2.1. Qualification for Second Initiate

7.2.2.1.1. One-Year Wait Between First and Second Initiation

To be qualified to receive second initiation, a first-initiated devotee must have been steadily engaged in favourable devotional service, chanting sixteen rounds a day without fail, and strictly following the four regulative principles for a period of at least one year from the time of receiving first initiation. In addition, the candidate must have regularly attended a morning program, whether in a temple, preaching centre, *nāma-haṭṭa* centre, or at home.

ISKCON Governing Board Committee Annual General Meeting 2013.

Resolution 306, 2013. Amendment to Required Examination Prior to Accepting a Diksa-guru [ISKCON Law]

“Whereas the GBC Statement on the Position of Srila Prabhupada and the paper “*Harmonizing ISKCON’s Lines of Authority*” have been approved by the GBC and been made required reading for all *harinama* initiation candidates,

Whereas it is also important to make sure that the candidates have understood these papers,

Whereas according to ISKCON law 7.2.1.1.6, every *harinama* initiation candidate must take a test before initiation. This test is a good opportunity to make sure that the candidates have read these papers and to judge their level of understanding of their important concepts:

RESOLVED:

(a) that ISKCON Law 7.2.1.1.6 be amended to include the following three questions in the test that all *harinama* initiation candidates must take before initiation:

14. Have you read the GBC Statement on the Position of Srila Prabhupada?

15. Have you read the paper “*Harmonizing ISKCON’s Lines of Authority*”?

16. What have you understood as the most important points of the “*Harmonizing ISKCON’s Lines of Authority*” paper?

ISKCON Governing Board Committee Annual General Meeting 2014.

[Resolution 317](#), 2014 (ISKCON Disciple Course).

“That the ISKCON Disciple Course, as developed by the GBC Guru Services Committee, shall be a mandatory prerequisite for all devotees accepting first or second initiation by an ISKCON guru, effective Janmastami, 2015. After that date, no guru may initiate a disciple who has not first completed the Disciple Course. This is in addition to current requirements of new initiates.”

ISKCON Governing Board Committee Annual General Meeting 7-21.2.1993.

Resolution 2, 1993 (Changing Gurus).

“It is resolved that the following standard for changing gurus shall be adopted as ISKCON Law:

That, in the case of candidates for initiation who had formerly accepted shelter from one spiritual master and subsequently desire to change to another, this change must be communicated to the former prospective spiritual master, new prospective spiritual master, and local Temple President. The candidate must also remain fixed under the shelter of the newly proposed initiating guru for six continuous months from the time of newly accepting formal shelter prior to receiving initiation.” [1993 – ISKCON GBC](#)

ISKCON Governing Board Committee Annual General Meeting 5 –16.2.1999.

Resolution 405 [Law] 1999. Standards of Guru Worship in ISKCON

It is hereby resolved that ISKCON laws on worship of gurus shall be amended to include the following new laws:

B. After chanting the pranam mantra of their diksa (or siksa) guru, all grand-disciples and future generations should chant at least the first of Srila Prabhupada’s pranam mantra while offering obeisances as a means of respecting the Founder-Acarya.

C. In order to offer appropriate respect to Srila Prabhupada as Founder-Acarya and preeminent spiritual master of ISKCON, it is considered an essential devotional practice for all ISKCON devotees to observe or perform Srila Prabhupada’s guru puja daily either in an ISKCON temple or if not possible in one’s home. [1999 – ISKCON GBC](#)

SADHANA STANDARDS

To qualify for shelter or initiation in Melbourne, the sadhana standards established by Srila Prabhupada and ISKCON's Governing Body Commission must be strictly followed. Please be aware of the following.

Handling Non-Vegetarian or Prohibited Items

You must not handle meat, fish, eggs, alcohol or other drugs in the course of your work. "...the killer of an animal is to be considered a murderer because animal food is never meant for the civilized man, whose prime duty is to prepare himself for going back to Godhead. [Manu] says that in the act of killing an animal there is a regular conspiracy by the party of sinners, and that all of them are liable to be punished as murderers...He who gives permission, he who kills the animal, he who sells the slaughtered animal, he who cooks the animal, he who administers distribution of the foodstuff, and at last he who eats such cooked animal food are all murderers, and all of them are liable to be punished by the laws of nature." (*Śrīmad-Bhāgavatam* 1.7.37 purport.) This standard applies not only to meat-eating, but to all the regulative principles.

Grhastha Brahmācārya

Vaiṣṇava Grhasthas who practice sex-life according to the Vedic literatures for the purpose of procreation of Krishna conscious children are doing a devotional service to Lord Krishna and are considered to be grhastha brahmācārīs. While there is no hard and fast rule limiting how many children a grhastha may have, shelter and initiation candidates only try to have children one day per month. That day garbhodhana samskara is practised by increasing spiritual activities, chanting fifty rounds and praying to Guru and Kṛṣṇa to send a pure devotee child. (*Śrīla Prabhupāda Śikṣāmṛta Complete Edition, Grhastha Āśrama: Conception* 68-09, 69-01; *ISKCON Chowpatty Grhastha Manual* 2003, 1.13: *Saṁskāras*)

Apart from the time when you are trying to have a child, you must remain celibate. You must have followed this standard for at least 6 months to qualify to receive shelter, 12 months to qualify for initiation, and 2 years to qualify to receive second initiation.

69-01 My Dear Syama Dasi,

Please accept my blessings. I beg to acknowledge receipt of your letter of January 14, 1969, and I was very glad to hear from you.

You have asked me some questions about the functions of sex life in Krishna Consciousness, and the basic principle is that it should be avoided as far as possible. However, if it is unavoidable, then it should be utilized only for begetting Krishna Conscious children. In that case, the husband and wife should chant at least fifty rounds before going to sex. The recommended period is six days after the menstruation period...

d is six days after the menstruation period...

I hope this finds you in good health.

Your ever well-wisher, A.C. Bhaktivedanta Swami

68-09 "... In your letter of the 17th instant, you have very frankly inquired from me about householder life, especially in the matter of sex relationship. A sannyasi is not supposed to be asked about anything sexual. But still, because you are so much dependent on my instruction, so I must give you information as far as possible.

Married life is not for sex indulgence. The principle of marriage is on the background of getting good children. So, the householder is allowed to have sex life once a month, just after the menstrual period. The menstrual period prolongs at least for five days, so after these five days, one can have sex life provided he desires to get a child. And as soon as the wife is pregnant, no more sex life until the child is born and grown up at least for six months. After that one may have sex life on the same principle. If one does not want more than one or two children, he should voluntarily stop sex life. But one should not strictly use any contraceptive method and at the same time indulge in sex life. That is very much sinful.

strictly use any contraceptive method and at the same time indulge in sex life. That is very much sinful.

If the husband and wife can voluntarily restrain by powerful advancement of Kṛṣṇa consciousness, that is the best method. It is not necessary that because one has got wife, therefore you must have sex life. The whole scheme is to avoid sex life as far as possible. And if one can avoid it completely then it is a great victory for him. Married life is a sort of license for sex life on condition of raising children. So, you should try to understand these principles of married life and use your discretion.

You should not imitate great personalities like Bhaktivinoda Thakura, but you must follow his footprints. But it is not always possible to have the same success as great personalities like Bhaktivinoda Thakura achieved. So, in all circumstances you should try to follow the footprints of the authorities but never to imitate them..." (SPL to Satsvarupa, 20th September 1968, cited in *Compilations (from Śrīla Prabhupāda's words) Śikṣāmṛta – Complete Edition, Grhastha Asrama: Conception.*)

THE PROCESS OF INITIATION

Steady observance of vows to chant sixteen rounds daily and to observe the four regulative principles are the basis of a candidate's qualification to accept initiation from a *dikṣā guru* (initiating spiritual master) in Śrīla Prabhupāda's line. This process is described as follows.

Taking shelter of Srila Prabhupada

The first step toward taking shelter of an initiating *guru* is to take shelter of ISKCON's Founder-Ācārya, A.C. Bhaktivedanta Swami Prabhupāda, as one's *śikṣā guru*. Because Śrīla Prabhupāda is ISKCON's Founder-Ācārya he is the *param* (superior) *śikṣā guru* in our *sampradāya* (school), and always remains ISKCON's primary instructing spiritual master. A minimum period of six months under Śrīla Prabhupāda's shelter is required by ISKCON law. A candidate who desires to progress further on the path toward initiation should then attend and pass the Founder-Acharya Course and the ISKCON Disciple's Course, then sit and pass their shelter interview and examination. In this way they prepare themselves to seek shelter of a *dikṣā* (initiating) *guru*.

Taking shelter of an initiating guru:

A candidate should accept a number of *śikṣā gurus*, both formal and informal. However, apart from a few exceptional circumstances, one will accept only one *dikṣā guru*. The next step toward accepting initiation is to observe the example and realised teaching offered by the devotees serving as ISKCON's *dikṣā gurus*. Both by serving them and asking questions of them, you should determine which devotee's instruction and example most fully represent Śrīla Prabhupāda to you and can deliver his mercy into your life. You may then request the *guru* to accept you into his shelter as a candidate for future initiation.

Should the initiating *guru* accept you into their shelter, a further minimum probationary period of six months will apply following receipt by the Temple President of written confirmation from the *guru*. The candidate is responsible for requesting this letter to be sent.

Accepting harināma initiation:

Harināma initiation strengthens one's chanting and *sādhana*. The disciple's service is purified by being offered directly to Śrī Kṛṣṇa through the disciplic succession. During his six-month period of accepting shelter from his *dikṣā guru* a candidate should develop his student-teacher relationship, by serving and seeking instruction from his *guru*. The aim is to allow both *guru* and disciple to develop conviction that the disciple is able to assist him in his service to Śrīla Prabhupāda and apply his instructions to his practice of *sādhana*. The disciple should also verify that the *guru* fully represents Śrīla Prabhupāda to him. The test is whether you can honour this service relationship throughout this life (and beyond).

When one has demonstrated steady advancement in *sādhana* under the *dikṣā guru*'s shelter (while continuing to strictly uphold one's vows relating to *japa* and the four regulative principles), one may request *harināma* initiation. You will be required to attend further interviews and sit an exam to verify your qualification.

Accepting brahminical initiation:

Brahminical initiation strengthens one's chanting and preaching and qualifies one to worship the Deities directly. When - following *harināma* initiation - a candidate demonstrates steadiness in *sādhana* and devotional service over a further (minimum) twelve-month period, he or she may qualify for *brāhminical* initiation.

Brahminical initiation is not an automatic outcome of the time you've spent in devotional service. Before beginning your candidature for second initiation, check with your Temple authorities whether or not there is a need for your service at the brahminical level. Furthermore, the Temple authorities must see a concrete demonstration of your past and present commitment to brahminical service, as well as to regular ongoing brahminical service.

A third round of interviews and an exam will verify your qualification to apply.

This is not a substitute for those who can read, however.

Within Melbourne Yatra, it is mandatory for all shelter candidates to pass the ISKCON Disciple Course. The Course is designed to assist candidates prior to selecting a guru, not afterwards.

HARINAMA AND BRAHMANA INITIATION CANDIDATES PLEASE NOTE:

“That the ISKCON Disciple Course, as developed by the GBC Guru Services Committee, shall be a mandatory pre-requisite for all devotees accepting first or second initiation by an ISKCON guru, effective Janmastami, 2015. After that date, no guru may initiate a disciple who has not first completed the Disciple Course. This is in addition to current requirements of new initiates.” (ISKCON Governing Board Committee Annual General Meeting 2014, [Resolution 317](#)).

From 19.12.2018 within Melbourne Yatra, it is compulsory for 1st Initiation candidates to completely read *Śrīmad-Bhāgavatam* Canto 1 (with purports) and *Nectar of Devotion* (to chapter 19, minimum). 1st Initiation candidates must also be able to recite the *Guru-puja* prayers in interview.

EXAM CONDITIONS

Candidates prepare for their exams knowing their exam questions. All exams are invigilated (supervised at the Temple) and closed book. Candidates cannot discuss answers with other candidates, or use notes, reference books, smartphones, or other electronic aids when they sit exams. Exams are to be hand-written. If you need support, for example, to work in a language other than English, email rasanandini@iskcon.net.au

The examinations are not exhaustive tests but rather are considered suitable for testing a candidate's working knowledge of Krishna consciousness.

MARKING CRITERIA

Markers look for practical, realised understanding of the questions asked. You should make as many points as are indicated by the marks available. No extra marks will be given for extra arguments.

Please prepare for your exam by referring directly to scripture, just as Srila Prabhupada demonstrates to us in his writings. We want to see whether you base your answers on *sastra* (especially Bhagavad-gita), that you appreciate the mood and mission of Srila Prabhupada - ISKCON's Founder-Acharya - and are able to pass that on.

Prabhupāda: So according to Vedic civilization, whatever is stated in the Vedas, we take it - fact. *Śruti-pramāṇam*. *Śruti* means Vedas. *Pramāṇam* means evidence. There are two persons talking, arguing, but the person who can give Vedic evidence, he is victorious...That is the system...And therefore, generally you will find, whenever we speak something, we give evidence from the *śāstra* in Sanskrit, in all our books. That is the way of proving that whatever I am speaking, it is fact. (*Room Conversation with Maharishi Impersonalists -- 7.4.1972, Melbourne.*)

Prabhupāda: ...it is admitted that inductive logic is imperfect; deductive logic is perfect...logic means *śrota-panthā*, *paramparā*, *śruti*, *Śruti pramāṇa*. *Pramāṇa* means evidence, and *śruti* means Veda. *Pratyakṣa*, *anumāna*, *śruti*. *Pratyakṣa* means direct evidence, and *anumāna*, hypothesis...And *śruti*, Vedic. So out of these three kinds of evidence, *śruti-pramāṇa* is accepted as supreme. *Pratyakṣa*: you are seeing the sky, but you cannot say the length and breadth...Hypothesis, *anumāna*, guessing, that is also not perfect. And *śruti*, we take *śruti* from the perfect person, Kṛṣṇa. He says, *aham evāsam agre*: "Before the creation I was there." We take simply. (*Morning Walk -- July 11, 1975, Chicago.*)

EXEMPTION FROM AN EXAM

"...some devotees think that if they have done Bhakti Śāstrī they don't have to sit the 1st initiation exam. That isn't correct. Bhakti Śāstrī degree holders still have to sit the first initiation exam, which is standard for all first initiates Australia-wide. They are exempt from the second initiation exam, only." *Direction from the Temple President to the Initiations Administrator, 12.9.23.*

At least since 2015, ISKCON Melbourne advertised that Bhakti Sastri degree holders were exempt from initiation exams - whether at the shelter, first, or second initiation level. Today (12.9.23) we're aligning our advice with VTE* policy: that is, that a Bhakti Sastri degree (and therefore an accompanying exam exemption) is aimed at second initiation candidates only.

The following references are from the Vaishnava Training & Education Teacher's Handbook for the Bhakti Sastri Course (published in 2000). [BSTeachersHandbook\(Colour\).pdf \(google.com\)](#)

"...We have got so many books now and I want all of my disciples to read them carefully. Soon we shall be instituting Bhakti-sastri examinations and all brahmanas will have to pass. So, utilize whatever time you find to make a thorough study of my books." *Letter from Srila Prabhupada to Upendra, 7th July 1976 (Dedication, page 4).*

"Your plan to have the Bhaktivedanta Summer Institute...is a very good idea...brahmana means pandita. Therefore, I am suggesting examinations. Bhakti-sastri - (for all brahmanas) based on Bhagavad-gita, Sri Isopanisad, Nectar of Devotion, Nectar of Instruction, and all the small paper backs...*Letter from Srila Prabhupada to Svarupa Damodara, Bombay, 10th January 1976 (The Four Sastri Degrees, page 12).*

"The Bhakti Sastri Course (and final assessment) should be completed at about the same time a devotee is ready for second (brahmana) initiation" (*Overview of the Four VTE Courses, page 13*).

RE-SITTING AN EXAM

Should your responses to your examination questions not earn the pass mark noted on your exam paper, you will be given a breakdown of your marks so that you can prepare to re-sit your exam.

1. Shelter candidates who fail their exam must re-sit the questions they failed.
2. First and second initiation candidates who fail their exam must re-sit the entire exam.

Shelter candidates must complete your supplementary exam within 8 weeks of receiving the examiner's breakdown of your marks. After 8 weeks, you must re-sit your entire exam.

Initiation candidates (first and second) may sit the exam only once in 12 months.

RECEIVING A RECOMMENDATION

When you complete the requirements of ISKCON law and Melbourne Yatra, your Temple President may recommend you at his discretion. Receiving a recommendation is not a direct result of completing required reading and coursework. You must also display a mood of co-operative, regular, ongoing service to the Temple and to Srila Prabhupada's Melbourne mission, as well as maturity in your *sadhana*.

The Temple President may invite you to qualify for second initiation when the Deity Worship Department is in need of the service that you offer.

MAKING YOUR APPLICATION TO YOUR GURU & FOLLOWING IT UP

Melbourne Yatra will send proof of your completing your shelter requirements, or your 1st or 2nd initiation recommendation to your spiritual master if you have provided us with their contact details.

All follow-ups for shelter, 1st and 2nd initiation applications must be made by you. Melbourne Yatra is never involved with shelter and initiation applications except when that is necessitated by administrative problems.

Melbourne Yatra's policy is never to advocate for candidates with initiating gurus or their secretariats. Each individual candidate is responsible for progressing his or her application with their guru or their guru's secretariat.

GUIDELINES TO RE-INSTATING YOUR CANDIDATURE AFTER A FALLDOWN

Sometimes spiritual life can seem like you are treading a razor's edge. How do I reinstate my candidature after my sadhana has fallen below ISKCON's standards?

If you have stopped chanting or following the 4 regulative principles your candidature can be re-instated:

- Please make suitable arrangements to inform your spiritual master, your guiding devotees, your Temple President and your examiner of your desire to re-instate your candidature, the period of your fall down and when you restored your sadhana to ISKCON standards.
- Candidates for 1st initiation must chant 16 rounds daily and follow the 4 regulative principles for at least 12 months to become re-eligible for initiation. You must log at least 12 months' standard sadhana practice (verified by a senior devotee in good standing) before you may be recommended for initiation.
in good standing) before you may be recommended for initiation.
- Candidates for 2nd initiation must chant 16 rounds daily and follow the 4 regulative principles for at least 24 months to become re-eligible for initiation. You must log at least 2 years' standard sadhana practice (verified by a senior devotee in good standing) before you may be recommended for initiation.

Bhagavad-gita 9.30-34

Even if one commits the most abominable action, if he is engaged in devotional service, he is to be considered saintly because he is properly situated in his determination. He quickly becomes righteous and attains lasting peace...Therefore, having come to this temporary, miserable world, engage in loving service unto Me. Engage your mind always in thinking of Me, become My devotee, offer obeisances to Me and worship Me. Being completely absorbed in Me, surely you will come to Me.

PURPORT (to Text 31): This should not be misunderstood. In the Seventh Chapter the Lord says that one who is engaged in mischievous activities cannot become a devotee of the Lord. One who is not a devotee of the Lord has no good qualifications whatsoever. The question remains, then, 'How can a person engaged in abominable activities—either by accident or by intention—be a pure devotee?' This question may justly be raised. The miscreants, as stated in the Seventh Chapter, who never come to the devotional service of the Lord, have no good qualifications, as is stated in the Srimad-Bhagavatam. Generally, a devotee who is engaged in the nine kinds of devotional activities is engaged in the process of cleansing all material contamination from the heart. He puts the Supreme Personality of Godhead within his heart, and all sinful contaminations are naturally washed away...Therefore, the chanting of *Hare Krishna, Hare Krishna, Krishna Krishna, Hare Hare/ Hare Rama, Hare Rama, Rama Rama, Hare Hare* should be continued without stoppage.

Prabhupāda: So according to Vedic civilization, whatever is stated in the Vedas, we take it - fact. Śruti-pramāṇam. Śruti means Vedas. Pramāṇam means evidence. According to Indian system [if] there are two persons talking, arguing, the person who can give Vedic evidence, he is victorious. That is the system...And therefore, generally you will find, whenever we speak something, we give evidence from the śāstra in Sanskrit, in all our books. That is the way of proving that whatever I am speaking, it is fact. (Room Conversation with Maharishi Impersonalists -- April 7, 1972, Melbourne.)

Prabhupāda: ...it is admitted that inductive logic is imperfect; deductive logic is perfect...logic means śrota-panthā, paramparā, śruti, Vedic language, śruti. Śruti pramāṇa. Pramāṇa means evidence, and śruti means Veda. Pratyakṣa, anumāna, śruti. Pratyakṣa means direct evidence, and anumāna, hypothesis...And śruti, Vedic. So out of these three kinds of evidences śruti-pramāṇa is accepted as supreme. Pratyakṣa: you are seeing the sky, but you cannot say the length and breadth...Hypothesis, anumāna, guessing, that is also not perfect. And śruti, we take śruti from the perfect person, Kṛṣṇa. He says, aham evāsam agre: "Before the creation I was there." We take simply. (Morning Walk -- July 11, 1975, Chicago.)

OFFICIAL RECOMMENDATION FOR HARI-NAMA INITIATION

For office use only

Center:.....

To (name of guru):.....

Please accept my humble obeisances. All glories to Srila Prabhupada.

It is my pleasure to recommend.....for first initiation by you. I find that he/she has fulfilled the necessary qualifications for initiation to the best of my understanding. Specifically, for the last twelve months he/she has been engaged in favorable devotional service, has chanted sixteen rounds of japa daily, has adhered to the four regulative principles, and regularly attended a morning program. He/she is sufficiently knowledgeable in the philosophy of Krishna consciousness and the structure and purpose of ISKCON for initiation, as evidenced by passing an examination as prescribed under ISKCON Law. The candidate has accepted your shelter for at least six months. Either I have observed these qualifications personally or I have heard of them from sources I know to be reliable.

Your servant,

Specifically, for the last twelve months he/she has been engaged in favorable devotional service, has chanted sixteen rounds of *japa* daily, has adhered to the four regulative principles, and regularly attended a morning program. It has been more than one year since he/she received first initiation. Either I have observed these qualifications personally or I have heard of them from sources I know to be reliable.

PLEASE NOTE THAT READING THE FOLLOWING PAPER IS COMPULSORY. You cannot pass your exams without having done so.

GBC Statement on the Position of Srila Prabhupada

adopted March 9, 2013.

As the *Founder-Acharya of the International Society for Krishna Consciousness (ISKCON)* and the pre-eminent teacher and ultimate authority within our society, Srila Prabhupada has a unique relationship with every ISKCON devotee.

Lord Krishna, the Supreme Personality of Godhead, is the original *guru* whose Divine Grace descends through the medium of the Guru Parampara. As such, a devotee is ultimately delivered by Sri Krishna acting through a combination of various manifestations of His mercy. These include, but are not limited to, the *chaitya guru*, Srila Prabhupada, the Guru Parampara, one's *diksha guru*, other *siksha gurus*, the Holy Name, *sastra*, and the nine processes of devotional service.

Within these cooperative elements, Srila Prabhupada, as the *Founder-Acharya of the International Society for Krishna Consciousness*, is the preeminent guru for all members of ISKCON. All members of ISKCON, for all generations, are encouraged to seek shelter of Srila Prabhupada. All members of ISKCON are entitled and encouraged to have a personal relationship with Srila Prabhupada through his books, teachings, service, and his ISKCON society.

All members accepting leadership roles within ISKCON, including *diksha gurus* and *siksha gurus*, have the duty of serving together under ISKCON's Governing Body Commission (GBC) to fulfil Srila Prabhupada's instructions as he has given in his books, lectures, and personal communications.[1]

Overall, the primary duty of all *diksha gurus*, *siksha gurus* and others in leadership positions is to assist Srila Prabhupada in his service to his Guru Maharaja Srila Bhaktisiddhanta Sarasvati Thakur, and our *Brahma Madhva Gaudiya Sampradaya*.

Those who accept the service of *diksha guru* or *siksha guru* in ISKCON are required to be exemplary in representing Srila Prabhupada's teaching in their words and personal behaviour. The *siksha guru* gives spiritual instruction and inspiration on behalf of Srila Prabhupada and our Guru Parampara. The *diksha guru* gives spiritual instruction, inspiration, formal initiation, a spiritual name, and later imparts the sacred Gayatri mantras to a qualified disciple as a service to Srila Prabhupada and our Guru Parampara.

Srila Prabhupada has clearly explained that devotees who are strictly following the Krishna Conscious principles are acting on the liberated platform, and, as such, are pure devotees, even though they may actually not yet be liberated. [2] (Such unalloyed devotional service is not necessarily determined by one's role or position of service, but by one's realization.)

y one's role or position of service, but by one's realization.)

Those who accept the service of *diksha* or *siksha guru* within ISKCON are mandated to be strict followers of the instructions of Srila Prabhupada, and, as long as they follow, they are acting on the liberated platform. Thus they may serve, as Srila Prabhupada ordered, as bona fide representatives of the Lord and the Guru Parampara and be a via medium of Their mercy. Yet it should be clearly understood that if such *diksha* or *siksha gurus* deviate from strictly following, they may fall down from their position.

Thus, to act as a *diksha guru* in ISKCON means to serve under the GBC and in cooperation with other ISKCON authorities by functioning as a “regular *guru*” as Srila Prabhupada has directed.

This statement, while conclusive, is not exhaustive in its discussion of these principles. The GBC may authorize additional statements and papers in the future to further explain the pre-eminent position of our *Founder-Acharya* Srila Prabhupada, the role and responsibilities of those who serve as gurus in our society, and the related duties of ISKCON members and initiates.

All GBC members must distribute this resolution to all ISKCON temples, communities and congregations via all appropriate means of communication for the education of all ISKCON members. This statement shall also be studied in ISKCON courses including introductory courses, the *ISKCON Disciple Course*, the *Spiritual Leadership Seminar*, and other relevant venues. *Reading this statement, and affirming it has been read prior to initiation, shall be part of the test for all prospective initiates.*

1 More details on these spiritual relationships and duties may be found in the official *Lines of Authority* Paper approved by the GBC in 2012.

2 “This Krishna consciousness movement directly receives instructions from the Supreme Personality of Godhead via persons who are strictly following His instructions. Although a follower may not be a liberated person, if he follows the supreme, liberated Personality of Godhead, his actions are naturally liberated from the contamination of the material nature. Lord Chaitanya therefore says: ‘By My order you may become a spiritual master.’ One can immediately become a spiritual master by having full faith in the transcendental words of the Supreme Personality of Godhead and by following His instructions.” Purport to SB 4.18.5.

e transcendental words of the Supreme Personality of Godhead and by following His instructions.” Purport to SB 4.18.5.

And...

“A person who is liberated *acharya* and *guru* cannot commit any mistake, but there are persons who are less qualified or not liberated, but still can act as *guru* and *acharya* by strictly following the disciplic succession.” Letter to Janardana, 26 April 1968.

And...

“We may not be cent percent perfect, but as far as possible, if we follow the instruction as it is, that much perfect. In this way one will get perfection. So, one has to follow. The same example - try to understand - that a perfect, expert technologist or technician or mechanic is working, and somebody is working under his instruction. So, this somebody, because he is strictly working under the instruction of the expert, he's also expert. He may not be cent percent expert, but his work is expert. Is that clear? Because he is working under the expert. Do you follow? So, if you follow pure devotee, then you are also pure devotee. It may not be one is cent percent pure. Because we are trying to raise our self from the conditional life. But if we strictly follow the pure devotee, then we are also pure devotee. So far we do, that is pure. So pure devotee does not mean one has to become immediately cent percent pure. But if he sticks to the principle that “We'll follow a pure devotee,” then his actions are... He is as good as a pure devotee. It is not I am explaining in my own way. It is the explanation of Bhagavata: *mahajano yena gatah sa panthah* [Cc. Madhya 17.186].” Ref. 1. Preface

This paper has been voted on by the GBC and is now an official GBC policy paper. The following offers more about the paper's purpose and scope.

The topic of "Lines of Authority" is a heritage or legacy issue. By "heritage" or "legacy" issues we mean those topics that are of core importance to the future of ISKCON. These are the issues that are going to be relevant for generations to come. How to address them in a way that reflects Srila Prabhupada's intent and purpose will be expressed in papers like this one.

This "Lines of Authority" paper is not the full and final statement on this topic. Rather, it is a good first step. The GBC fully expects that the paper will be updated, made more comprehensive, and improved in the course of time.

Of special importance is the section outlining conduct for gurus, managers, and disciples. Starting implementation of these practices now will provide the GBC with valuable feedback on where the paper works and what needs to be adjusted and improved.

2. History of the Topic

Several years ago, the GBC embarked upon developing a systematic plan for the future of ISKCON. They selected several issues of primary importance to the movement and formed committees to discuss those issues. One of the committees was requested to study the divergent lines of authority within ISKCON and suggest a method for settling disagreements between them. The members of this committee were Bhanu Swami, Guruprasada Swami, Prahladananda Swami, Ramai Swami, Sivarama Swami, Badrinarayan Dasa, and, later, Niranjana Swami.

After a thorough discussion, the members of this committee concluded that the most pressing issue to address was the tension created when spiritual masters sometimes act as an independent line of authority within ISKCON.

3. Focus of the Essay

Hence, this essay will focus exclusively on defining principles that should be followed by initiating or instructing spiritual masters, disciples of initiating or instructing spiritual masters, Zonal GBCs, Regional Secretaries, Temple Presidents, and other ISKCON authorized managers. The aim is to prevent misunderstandings between spiritual masters and managers, as well as to minimize the influence these potential misunderstandings may have upon devotees under their combined care.

4. "Spiritual Master" Means Diksa, Siksa, or Both

It should be noted that, from here on, unless specified, whenever we refer to "the spiritual master" we mean both initiating spiritual masters and instructing spiritual masters (including managers who act as such). Additionally, whenever we refer to "spiritual authorities" we mean anyone (spiritual master or manager) whose instructions (siksa) and example have formed the foundation of a devotee's faith in devotional service and who continues to build on that foundation of the devotee's faith.

5. Authority Within ISKCON

This essay is not a detailed or definitive analysis of ISKCON's management system, nor is it a detailed analysis of guru tattva — the requisite qualities and duties of a spiritual master and the process of choosing a spiritual master.

The basic premise of this essay is as follows: Whether a devotee is an initiating spiritual master, an instructing spiritual master, a sannyasi, a Governing Body Commissioner, a Zonal Secretary, a Regional Secretary, a Temple President, a congregational leader, or anyone else in a position of authority within ISKCON, the authority bestowed upon that devotee is complete only if he or she follows Srila Prabhupada's instruction to serve in ISKCON under the authority of the GBC Body.

To establish this premise, we feel we need do no more than emphasize that His Divine Grace consistently and clearly established this principle in his teachings, as well as within official documents he himself signed. Srila Prabhupada thus clearly established the GBC as the ultimate managing authority and also indicated that the GBC's jurisdiction includes the responsibility to offer spiritual guidance (siksa) to the whole of ISKCON, including all devotees serving as spiritual masters:

Reporter: "Is there anyone who is designated to succeed you as the primary teacher of the movement?"

Srila Prabhupada: "I am training some, I mean to say, advanced students so that they may very easily take up the charge. I have made them GBC." (Room Conversation with Reporter, Los Angeles, June 4, 1976.)

In other words, although the GBC is the ultimate managing authority in ISKCON, the GBC's duty is not only to manage but to teach.

6. Two Lines of Authority

Since every devotee accepts his or her spiritual inspiration from higher authorities, two lines of authority, with their representatives, exist within ISKCON — one is seen as primarily spiritual, while the other is seen as primarily managerial.

Both lines of authority serve their own unique yet interdependent purposes in submission to the orders of our Founder Acarya. Both are authorized by the GBC to give shelter to devotees under their care. This shelter is given through both instruction and example.

By distinguishing the two lines of spiritual authority in these terms — as primarily spiritual or primarily managerial — we are not suggesting that managerial authority is contrary to spiritual authority. Nor are we suggesting that the spiritual line of authority is somehow more privileged or intrinsically more pure.

"Management is also spiritual activity...It is Krishna's establishment." (Room Conversation, January 16, 1977, Calcutta.)

"In our preaching work...we deal with so much property and money and so many books bought and sold, but because these dealings all pertain to the Krsna consciousness movement, they should never be considered material. That one is absorbed in thoughts of such management does not mean that he is outside of Krsna consciousness. If one rigidly observes the regulative principle of chanting sixteen rounds of the mahamantra every day, his dealings with the material world for the sake of spreading the Krsna consciousness movement are not different from the spiritual cultivation of Krsna consciousness." (Srimad Bhagavatam, 5.16.3, purport.)

In a spiritual society a manager cannot fulfill his or her duty to manage simply by declaring and enforcing rules. The rules themselves must have a spiritual foundation, and their implementation and enforcement must be applied in accordance with Vaisnava principles. Managers who serve with this understanding will generally carry the full weight of spiritual authority for those under their charge.

We should therefore see the oneness between "spiritual" and "managerial." But there is also some difference, and understanding this simultaneous oneness and difference requires the use of these two distinct terms with their explanations.

7. The Spiritual Line of Authority

The spiritual line of authority begins with Lord Krishna and continues to Brahma, Narada, Vyasa, and the entire disciplic succession through Srila Prabhupada, our Founder Acarya. Those who are submissive to our sampradaya and who serve under the authority of the GBC are authorized to give siksa and shelter in this spiritual line, under the auspices of ISKCON. This spiritual line can include Governing Body Commissioners, GBC Zonal Secretaries, spiritual masters, sannyasis, Regional Secretaries, Temple Presidents, congregational leaders, and both traveling and community preachers. In fact, anyone who strictly follows a bona fide spiritual master, both by example and precept, can be authorized to represent the spiritual line of authority.

Generally speaking, the most prominent spiritual authority is one's initiating or instructing spiritual master. The scriptures clearly say that devotees should obey and be loyal to their spiritual masters. The spiritual masters thus exert authority over their disciples, and in so doing the spiritual masters are able to train and educate their disciples in the development of bhakti. The spiritual masters, therefore, assume a significant role in giving their disciples the spiritual education and inspiration necessary to advance in Krishna consciousness.

8. The Managerial Line of Authority

In the managerial line of authority, and in accordance with Srila Prabhupada's instructions, the supervision of the Society and the enforcement of its rules proceed from the GBC. When we use the word "authority" in the context of the managerial structure, we do not mean an absolute, infallible authority — such as the authority of scripture — but the mandate to organize the preaching movement so that it is aligned with the instructions of Srila Prabhupada. To carry out that mandate, his followers have adapted ISKCON's managerial system, given by Srila Prabhupada, to take into account the proliferation of temples, congregational devotees (who are not temple residents), and projects like farms and gurukulas, as well as other favourable organizations and entities. Thus, to better serve this expanding field and its members, this structure presently includes various regional, national, and continental governing bodies consisting of, but not limited to, Governing Body Commissioners, GBC Zonal Secretaries, spiritual masters, sannyasis, Regional Secretaries, Temple Presidents, congregational leaders, and both traveling and community preachers.

9. Defining the Point of Divergence

Although in an ideal world everything would work according to Srila Prabhupada's vision for ISKCON, we have seen tendencies from those in one line of authority to interfere with those in the other line of authority.

For instance, there are spiritual authorities who sometimes interfere with competent and responsible managers. They do not consider themselves part of the zonal managerial structure where their preaching has influence (though they are in fact accountable to it), but they are still either directly or indirectly managing some project(s) within that structure.

Therefore at times they manage devotees, money, and even projects that their followers and dependents are responsible for, without a clear agreement with the managerial structure with which they intersect. By so doing, they may inadvertently undermine the managerial line of authority by encouraging their dependents to direct their service, and thus their loyalty, to their spiritual authority's own management structure. (**Note:** "Dependents" are not only those who are spiritually dependent. There are instances where devotees are also financially dependent upon their spiritual authorities and are financially maintained by the structures the spiritual authorities have themselves created.)

This scenario creates not only confusion but a spirit of separatism as well. Situations such as these can also become points of contention for managers, although the more junior managers often refrain from directly voicing their grievances because they feel intimidated out of fear of committing offenses, especially to spiritual masters.

On the other hand, there are also managerial authorities who sometimes provide inadequate spiritual care. This can fuel the spiritual master's inclination to intervene by suggesting an alternative for his disciple's association or service.

For instance, managers may sometimes place greater importance on management goals than on sadhana, preaching purely, or the development of purity in the devotional service of those under their care. Managers may even neglect the spiritual development of those within their jurisdiction who do not offer resources to help their managerial vision, even though said managers may have done little to inspire help from them or to empower other authorities to do the same.

10. Deference to The Managerial Line of Authority

The above-mentioned scenarios cause tension between the spiritual and the managerial lines of authority.

Of course, it is understood that circumstances do arise where there are financially independent devotees who have no managerial connection with locally organized sanghas. Still, it should not be assumed that no effort is being made by local management structures to include every devotee, or aspiring devotee, within their locally managed system of care for congregational devotees.

Therefore, with respect to the service performed by ISKCON managers, a spiritual master should always seek approval from the managers overseeing the area of jurisdiction in which his disciples are living before suggesting a new sangha or service for them or intervening in other managerial decisions.

Best, of course, is to train the disciples to offer respect to their local managers right from the start of the spiritual master/disciple relationship. Many ISKCON managers are carrying out the responsibility of maintaining the temples, Deities, book distribution, and other standards given to us by Srila Prabhupada.

"Deity installation means regular worship without fail and for good." (Letter to Sivananda, 2 September 1971)

Therefore, spiritual masters should teach their disciples to serve Srila Prabhupada's mission by cooperating with their local leaders and managers. But this does not mean that a manager should assume that he or she has complete freedom to ignore legitimate needs of those under his or her care or that he or she has the freedom to ignore concerns expressed by spiritual masters who ask them to see that their disciples are properly cared for. They should be sensitive to the concerns of the spiritual masters as well as their disciples.

If the spiritual master still strongly feels that the level of care for his disciples within the local management structure is inadequate, taking into account the level of commitment and responsibilities being asked of them (his disciples), then he may appeal on their behalf to the higher levels of management, the local GBC, or other ISKCON avenues of appeal, as listed later in this paper.

More on this point will be addressed later. But before we do that, we will first briefly discuss the topic of faith. Those in both lines of authority would be well served to consider the relevance of faith to the broader issues being discussed here.

11. Authority Is Built on the Continuous Development of Faith

ISKCON's greatest asset is the faith of its members. Even if there are no temples, no projects, no income, and only a few followers, if there is faith, there will be prosperity, in the true sense of the term. Consider what Srila Prabhupada has written in the following letter:

"There is a proverb in Sanskrit literature that enthusiastic persons achieve the favour of the Goddess of Fortune. In the Western part of the world there is tangible example of this slogan. People in this part of the world are very much enthusiastic in material advancement and they have got it. Similarly, according to the instructions of Srila Rupa Goswami, if we become enthusiastic in spiritual matters, then we also get success in that way. Take for example, I came to your country in ripe old age, but I had one asset: enthusiasm and faith in my Spiritual Master. I think these assets only are giving me some lights of hope, whatever I have achieved so far with your cooperation." (Letter to Jaya Govinda, Tittenhurst, 15 October 1969.)

And in his purport to "Bhagavad-gita As It Is" 9.3, Srila Prabhupada writes: "Faith is the most important factor for progress in Krishna consciousness...It is only by faith that one can advance in Krishna consciousness."

Those in the spiritual line of authority should preach and behave in such a way that they nourish and protect their dependents' faith in pure devotional service, in our sampradaya, in Srila Prabhupada, and in ISKCON, including its management. Spiritual masters also have the added responsibility of nourishing and protecting ISKCON's managers' faith that they (the spiritual masters) are fit representatives of the spiritual line of authority. If the spiritual masters act in a contrary way, they will erode the faith of others.

Conversely, those in the managerial line of authority should manage, preach, and behave in such a way that they build and sustain the trust of those in the spiritual line of authority and their disciples. By the managers showing genuine concern for the devotees under their care, the spiritual masters will then naturally encourage their disciples to assist the manager in his service. But if managers act in a way contrary to spiritual principles,

in conflict with the spiritual interests of those devotees for whom they are responsible, that will also erode others' faith.

Therefore, to safeguard the faith of all of ISKCON's members, it is necessary that we delineate clear principles for both lines of authority to follow.

12. Spiritual Masters are not Independent

To further clarify the need to introduce well-defined principles, we will examine the position of spiritual masters within the managerial structure of ISKCON.

When Srila Prabhupada was physically present, he was ISKCON's sole initiating spiritual master, its preeminent siksa guru, and the supreme managerial authority, superior to the GBC:

"[...]we are managing our Krishna Consciousness Movement by the Governing Body Commission, GBC. We have got about 20 GBC's looking after the whole world affair, and above the GBC I am there. Below the GBC there are the temple president, secretary, treasurer in every centre. So, the temple president is responsible to the GBC and the GBC is responsible to me. In this way we are managing." (Letter to Vasudeva, New Vrindaban, 30 June 1976.)

In Srila Prabhupada's physical absence the structure is now somewhat different. His Divine Grace instructed that the GBC should be the ultimate managing authority for ISKCON. At the same time he indicated that the Society should have multiple spiritual masters:

"Anyone following the order of Lord Caitanya under the guidance of His bona fide representative can become a spiritual master, and I wish that in my absence all my disciples become the bona fide spiritual master to spread Krishna Consciousness throughout the whole world." (Letter to Madhusudana, Navadvipa, 2 November 1967.)

This gives rise to a challenging situation. Many spiritual organizations have one spiritual master operating as the sole head of the institution, whereas ISKCON has many spiritual masters within one organization, in addition to a "governing body" that operates as the "ultimate managing authority" for the institution as a whole. Those serving as spiritual masters in ISKCON are meant to follow the instructions of Srila Prabhupada and work under the GBC Body.

The spiritual masters are thus obligated to follow the Society's policies and codes of conduct, including those outlined in this GBC-approved paper, and to abide by the decisions of its management. Included within that obligation is the responsibility to inspire their disciples to associate with and serve within ISKCON's already existing managerial and devotee care sangas, located within their disciple's area of residence rather than only inspiring them to associate with themselves (the spiritual masters) or with their sangas and projects that have no connection with the ISKCON zonal management structure.

13. Disciples Should Avoid Creating Conflict Between Their Authorities

Disciples should also understand the greater picture within ISKCON. Certainly, a spiritual master may be more spiritually advanced than any given GBC member or any other ISKCON manager (while there may also be cases where the local GBC or ISKCON manager may be more spiritually advanced than a particular spiritual master).

Nevertheless, concerning the spiritual management of the Society, as we have already clearly shown, Srila Prabhupada invested authority in the GBC and its individual members and in other ISKCON managers.

If a disciple has the mistaken conviction that his or her spiritual master is above the GBC and ISKCON's laws and policies, that should be corrected by the spiritual master and other authorities. Otherwise, that misconception may lead to actions which create conflict between his or her spiritual and managerial authorities.

Indeed, all disciples should follow their ISKCON authorities in the same way that all initiating and instructing spiritual masters should follow their own authorities within ISKCON.

By both example and precept, therefore, all spiritual masters should not only educate and train their disciples in the development of bhakti but should also educate and train them about their relation to the managerial structure of ISKCON, as well as about the spiritual masters' own relation to that structure.

14. Principles Being Introduced

I. Education of guru's disciples

It is the responsibility of the spiritual masters within ISKCON to help every one of their disciples clearly understand the following:

- 1) The spiritual master draws his authority from his fidelity to Srila Prabhupada. This includes fidelity to Srila Prabhupada's order to work within his mission, ISKCON.
- 2) The spiritual master is a member of ISKCON and, as such, is accountable to the collective will of its leadership, the GBC Body.
- 3) The spiritual master does not derive any specific right or prerogative over ISKCON resources simply by dint of his being a spiritual master. Moreover, the spiritual master should not misuse his rights and prerogatives over his disciples.
- 4) The disciples should follow their ISKCON authorities in the same way that all initiating and instructing spiritual masters set an example by following their own ISKCON authorities.
- 5) Disciples have the essential task of surrendering to Krishna through the spiritual master. Included within this task is recognizing and respecting other superiors within ISKCON's management who are helping them in their process of spiritual progress.
- 6) Spiritually mature managers may be the main siksa gurus for devotees who are not their initiated disciples, and such relationships are to be fully encouraged by the initiating spiritual masters.

2. Conduct of gurus

Moreover, to show respect toward the managerial line of authority and to help nurture and protect managers' faith in the spiritual line of authority, every spiritual master should:

- 1) When first visiting or preferably before arriving at a recognized ISKCON temple or preaching center, ask the local manager how he (the spiritual master) may serve that yatra during his visit (rather than the spiritual master only pursuing his own agenda).
- 2) Before planning a visit to a zone or region where there is no local temple or preaching center, first ask the Zonal GBC if there is a vision that local leaders have for that place or region which he (the spiritual master) could serve.
- 3) If there is a disagreement in terms of managerial decisions, do his best to cooperate with the relevant authority. If no agreement can be reached, then the spiritual master should defer to the decision of the relevant authority, with the option of appealing to higher authorities if necessary.

3. Duties of Managers

To build cooperation within ISKCON, show respect for the spiritual line of authority, and help nurture and protect the faith of spiritual masters and their disciples in the managerial line of authority, all managers should:

- 1) Be receptive to advice given by initiating spiritual masters and other itinerant preachers visiting their area of jurisdiction, especially on matters concerning devotee care.

- 2) Protect the faith that their dependents have in pure devotional service and in the principle of accepting and serving an initiating spiritual master and instructing spiritual masters.
- 3) Encourage and support a system of devotee care (i.e., counsellor system, brahminical advisory board, etc.) within their sphere of management.
- 4) Assure that the managers in their line of authority are themselves trained in the principles of devotee care.
- 5) Inform visiting spiritual masters about the spiritual health and overall well-being of their disciples.
- 6) Encourage and help visiting spiritual masters and other itinerant preachers to reach out to those disciples who are in need and who would be most responsive to their help.
- 7) Insure that there is an equitable system for initiation recommendations which does not condone unwarranted pressure or manipulation from the local management for managerial gains.

15. Summary

To promote the full flourishing of devotees' spiritual lives, Srila Prabhupada created for ISKCON a managerial structure with clear lines of authority. Every member of ISKCON should respect this structure and learn to work within it. The goal of the managerial structure is spiritual: to facilitate the spiritual advancement of ISKCON's members through association with devotees, opportunities for service, and effective preaching strategies. Simultaneously, ISKCON affirms the fundamental importance of accepting initiation from a bonafide spiritual master.

Of paramount importance, of course, is our Founder-Acarya, Srila Prabhupada, who is the initiating spiritual master of many devotees in ISKCON and the foremost instructing spiritual master of every devotee, now and in the future. Also important are the many initiating and instructing spiritual masters now serving in ISKCON.

All spiritual masters and their disciples should likewise appreciate the importance of the many managers in our society, who help guide and train disciples and oversee the facilities ISKCON provides for their spiritual advancement. All spiritual masters and their disciples should work cooperatively within ISKCON's managerial system, both to benefit themselves spiritually and to help the Society flourish.

This cooperative, mutually respectful spirit is the best way to preserve the Society's unity, please Srila Prabhupada, and expand the sankirtana mission.

In the mood of Lord Caitanya, Srila Prabhupada desired that the sankirtana movement be spread all over the world, "to every town and village." He demonstrated that desire by his constant traveling, writing, and speaking. He requested his disciples to open centers far and wide, distribute his books, arrange for attractive festivals, distribute prasada, etc. It was Srila Prabhupada's desire that ISKCON continue to expand, to rise as the benediction moon of Lord Caitanya's mercy.

It is for this purpose that Srila Prabhupada established ISKCON as a spiritual institution with a managerial structure. The purpose of this structure is to maintain the standards he established, to offer shelter and spiritual nourishment to the devotees, and to support and increase the sankirtana mission. To please Srila Prabhupada by delivering the mercy of Sri Sri Gaura-Nitai to the conditioned souls, everyone within ISKCON — spiritual masters, disciples, and managers alike — should work cooperatively within this structure.
